BEFORE YOU GO

- The stops are spread across the city — plan your hops and verify each venue's current opening status on its official source before you go.
- Mix styles deliberately: a modern bar and a traditional tea house taste very different, and that contrast is the point.
- Carry some cash alongside cards for the smaller shops.

Venue details and opening status can change. This card is editorial planning context — always verify a venue's current details on its official source before visiting.
